Special notes or instructions for your pet(s): _____

To keep your pet protected, vaccinations must have been given within the last year. Your pet must also be free of internal and external parasites. If not, he (she) will be treated at your expense. If your pet develops medical or behavioral problems while boarding, it is understood that the hospital has your permission to provide immediate medical attention and that as the owner, you will be responsible, and agree to pay for any charges incurred for medical treatment. Pets that display aggression pose a safety risk to our staff, and you will be contacted if this becomes a problem.

Deluxe accommodations include bedding and lodging in our specially designed suites or runs suited to your pet's size, feeding twice a day with Ivet brand foods. We will feed the food of your choice when you provide it. Fresh water will be provided at all times. Your pet's quarters will be cleaned at least twice a day. Dogs are exercised a minimum of three times a day in our outdoor exercise courtyard. **We will give all daily medication or vitamins brought from home. The cost for this service is \$2.00 per day.** Please note, during holidays or peak boarding times we may not be able to offer upgraded accommodations. Reservations are always recommended.

<u>Cats</u>		<u>Dogs</u>
